

Welcome back to Autumn 2. This is usually a busy half term so we are excited for all that we have on offer.

Topics For The Term

This half term the children will be learning about Measurement and Multiplication & Division in Maths and we will do writing based on the book *Weslandia* by Paul Fleischman.

In computing the children will be learning about Microbits and in our Design & Technology lessons we will be looking at how Levers work in order to make a gadget that Paddington will find useful in the Amazon Rainforest!

In Humanities we will continue to look at the Rainforest with a focus on rivers and The Water Cycle.

Our Science topic is on Teeth and the Digestive System.

Wellies

Please send wellies to school to enable your child to play on the school field.

PE Days

Please ensure your child comes to school with the correct kit on their PE days. Black joggers/shorts, plain white t-shirt, black sweatshirt—no logos other than CJS.

Please send your child with a bobble if they have long hair as they will need to tie it up.

4B & 4K - Tuesday & Thursday

4O & 4W - Monday & Tuesday

Multiplication Tables Check (MTC)

Children who are using TTRS regularly are making good progress with their times tables—keep it up!
