They are wearing casual clothing like t-shirts and shorts. The adult is partially visible on the left side, also in a similar pose. The background is a plain, light-colored wall.

# Inclusion

We understand that the world can sometimes just be a bit too much.

We want you to feel confident that if your child sometimes struggles, we have a dedicated space for them to escape the world.

We can offer a quiet, dark, sensory space for them to unwind/regulate or just get away from the hustle and bustle of the world.

# FAQ'S

What if my child is unwell?

We are equipped to deal with everyday illnesses and where possible will administer medication (with parent/carer permission). If we feel your child is too unwell to remain in the club, we will contact you.

What if we are late for drop off/collection?

In either circumstance we ask parents/carers to contact us at their earliest opportunity. We understand that life can take over sometimes and will work with you to ensure your child is able to attend their sessions.

What if my child needs extra support?

We understand that every child is different and we work with yourself and your child to make them feel included and supported. We will send out an 'All about me' form to give you the opportunity to share information with us. We are also happy for you to contact us directly to discuss your child's needs.
