Chellaston Junior School Accessibility Plan

Aims and Vision

Chellaston Junior School

“Together we are **stepping to success**. Together we are **working to achieve our best**.”

Our aim In striving to become an outstanding school, at CJS we will help ALL pupils to be:

- **Successful Learners** who enjoy learning, make excellent progress and achieve very high standards across the curriculum
- **Confident Individuals** who are able to lead happy, safe, healthy and fulfilling lives
- **Responsible Citizens** who make a positive contribution to British and the global society

Introduction

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with a disability can participate in the curriculum
- Improve the physical environment of the school to enable pupils with a disability to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with a disability.

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Equality

At Chellaston Junior School, we actively seek to encourage equity and equality through our teaching. As such, we seek to advance the equality of opportunity between people who share any of the following characteristics:

- sex;
- ethnicity;
- disability;
- race (including religion or belief);

- sexual orientation;
- gender reassignment;
- age;
- marriage and civil partnerships;
- pregnancy or maternity.

The use of stereotypes under any of the above headings will always be challenged.

The above statement is included in all CJS policies updated since January 2020.

Inclusion

Our school is an inclusive school. We aim to make all pupils feel included in all our activities. We try to make all our teaching fully inclusive. We recognise the entitlement of all pupils to a balanced, broadly-based curriculum. We have systems in place for early identification of barriers to their learning and participation so that they can engage in school activities with all other pupils. We acknowledge the need for high expectations and suitable targets for all children.

The above statement is included in all CJS policies updated since January 2020.

Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Academies, including free schools: This policy complies with our funding agreement and articles of association.

At CJS School we have a general duty to:

- Promote equality of opportunity between disabled people and those who are not disabled
- Eliminate discrimination
- Eliminate harassment related to disability
- Promote positive attitudes towards disabled people

- Encourage participation by disabled people in public life
- Take reasonable steps to take account of people's disabilities even where that involves treating disabled people more favourably than non-disabled people

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary. The school sets out a plan, reviewed each year, to show how it will address the priorities identified in the plan

Accessibility

There is specific disability legislation in relation to disabled pupils and accessibility which means we must plan strategically over time to:

1. Increase access to the curriculum
2. Make improvements to the physical environment of the school to increase access;
3. Make written information accessible to pupils in a range of different ways
4. Ensure that pupils with a disability do not receive less favourable treatment and to do this the school has a duty to make reasonable adjustments.

We aim to:

- provide full access to facilities and learning
- enable full participation in all aspects of school life for children, staff, parents and visitors with disabilities

We will do this by:

- reducing and eliminating barriers to access of the curriculum and building
- promoting positive attitudes and developing a culture of respect
- having awareness of the needs of individuals within our school community
- being flexible in approach to obstacles and seeking expert advice if needed
