Saturday 16th July

CJS & CI PTFAs Summer Fair

Monday 24th July – Friday 2nd September

School closed for summer holidays

Monday 5th September

Back to school

We have had a very busy couple of weeks in school with lots of visitors.

All our classes have taken part in workshops run by HSBC. They have looked at the value of money and how to build up their skills to make decisions about money. Follow the link to find out more about how to talk to your child about managing money.

<https://www.hsbc.co.uk/financial-education/developing-learning/>

Year 6 have taken part in some exciting science sessions this week. We invited the team from Hands on Science into school to look at the function and structure of the heart. The children even got to dissect a heart to really get hands on!

Today we have turned the whole school French. Lots of chances to speak in French throughout school, lessons from a French teacher from Chellaston Academy and tasting French foods have made the day a super success.

Bravo á tous et bon weekend.

Mrs Price 😊

Discos

We'd like to offer a big thank you to all the helpers (staff and parents) who took time out of their own busy lives to help out at the discos last week. Without you these events couldn't go ahead. We raised a whopping **£1200!**

Here's to the next one!

TA & CN – PTFA Secretary & Chair

School Council

The School Council will be running a stationery sale at lunch times: Years 4 and 5 the sale will be on Thursday lunchtimes, and for Years 3 and 6 it will be on Friday lunchtimes.

They will also be running a raffle after half term with some exciting prizes so watch this space for further information!

School Netball matches

Chellaston vs. Cavendish Juniors

On Friday the 6th May some of the Year 6 children took part in their very first match of netball this year. The children were a bit nervous at first but did not allow their nervous to get the better of them. The game was very close throughout, right up until the third quarter the score was only 2-2. Then in the last quarter Cavendish came fighting back and managed to score 5 more goals winning the match 7-2. All the children played amazingly and should be very proud of themselves. Thank you to all those that came along to support us.

Chellaston vs. St. Werburghs

On Tuesday 17th May a mixture of Year 5 and Year 6 children took part in our second netball match. It was a very warm evening and there was a lot of brilliant netball being played. St. Werburghs took the lead in the first quarter of the game. We managed to fight back and school a brilliant goal in the third quarter. Then St. Werburghs scored 4 more and won the match 5-1. All the children demonstrated excellent sportsmanship throughout the game and played brilliantly.

Litter

Me and my friends (Lucie, Rosie and Lana) went litter picking on Sunday 8th May and we also put up some posters. We did this around Chellaston so you may spot some of our posters. Some pictures that we took whilst we were out are above and on the next page. We spent a lot of time doing this and we all really enjoyed being together and doing our part for the animals and the planet.

Four of our Y6 children gave up their own time to go litter picking around Chellaston. They were amazed at how much litter they found and are determined to make a difference to the environment that we live in. The girls wrote leaflets and have put posters up to remind everyone to take litter home and for everyone to look after our local area.

BE AN H2O HERO

Get\o/waterFit

In your bathroom:

TAKE SHORTER SHOWERS

Cut **one minute** off your shower with our timer and you could save **£15** on your energy bill, and **£15** on your water bill.

BE FLUSHED WITH SUCCESS

For older toilets, water displacement devices like our **Buffalo bags** can reduce the amount of water flushed by up to **two litres** – every time you go!

BRUSH UP YOUR WATER-SAVING SKILLS

A running tap uses **six litres** of water every minute. So make sure to turn it **off while you brush!**

In your kitchen and garden:

MAXIMISE YOUR MACHINE WASH

Washing machines work at their best on a **full load** (but don't overdo it)! And if you're buying a new machine, check out its **water-efficiency**.

FILL UP THAT DISHWASHER

Only turn on your dishwasher **when it's full**. A half-empty dishwasher wastes water, as it uses the same amount of water **no matter how many dishes** you have stacked inside.

DITCH THE HOSEPIPE - GET A WATER BUTT

A typical British house roof sees enough rain to fill a water butt **dozens of times a year**. Get a water butt – your plants will **blooming love it!**
